

Seeking Your Participation in Autism Research

A Brief Survey for Special Education Teachers, BCBAs, SLPs, OTs,
School Psychologists, and Other Autism Professionals

We are studying the ways in which autism professionals use video modeling for skills-instruction.

We request you to take a brief survey (about 20-30 minutes) to share your thoughts about using video modeling to teach skills to individuals with autism.

As a thank-you for your time, you can choose to be entered to win one of four \$25 Amazon.com gift cards when you finish the survey.

To take the survey, please go to the following link:
